THREE BILLIONS NEW TAXES PLAN OF GOVERNMENT

Will Also Ask Boosting
of Debt Limit to Pay
for Defense Setup

Washington, May 28—(AP)—The administration and congressional leaders agreed today to raise \$3,000,000,000 of new taxes in the next five years to pay the costs of national defense.

The plan, ratified by President Roosevelt, was drafted in a three hour conference by Secretary of the Treasury Morgenthau, Chairman Doughton (D-NC) of the house ways and means committee and Chairman Harrison (D-Miss.) of the senate finance committee.

It calls for the immediate financing of defense costs by the sale of \$3,000,000,000 of special "national defense obligations". It also calls for the levying of additional taxes, amounting to between \$600,000,000 and \$700,000,000 annually for the next five years, the proceeds to be used to retire the "national defense obligations" and pay interest on them.

Would Boost Debt Limit

The conferees agreed to ask congress to increase the treasury's \$45,000,000,000 debt limit to \$48,000,000,000, to make possible the borrowing of new defense funds.

The administration's budget, prepared before the defense program was laid down, already had provided expenditures which required borrowing up to the present debt limit by about June 30, 1941.

A joint statement issued by the conferees said "the secretary of the treasury communicated to the president the conclusions reached by the conferees and the president expressed his approval of the program".

The statement also explained that Chairmen Doughton and Harrison would call their committees together immediately to work out details of the tax program.

In the meantime, none would give any indication of what kinds of taxes might be imposed.

Want Immediate Action

The statement also did not make it clear whether enactment of the new taxes would be sought at the present session of congress. Its only reference to the present session was a statement that the increase in the national debt limit would be asked immediately.

The conferees, the announcement said, "have agreed to ask congress at this session to consider legislation to provide funds for the payment of the national defense program."

"Chairman Doughton and Chairman Harrison stated that they will convene their committees immediately to formulate a plan.

"They will propose an increase in the national debt authorization by \$3,000,000,000 to provide for the issuance of national defense obligations to be sold with maturities not to exceed five years and they will also propose the levy of additional taxes, the details of which are to be worked

EVACUATION OF BOULOGNE MADE AN EPIC STORY

Eye Witness Tells of Removal of British Army Under Fire

London, May 28—(AP)—An epic story of the removal of British troops from Boulogne by the Royal navy, with German bombs and guns causing severe casualties, was disclosed today in a report by a naval eyewitness.

He said the forces were withdrawn from the seaport by British destroyers under a constant hail of bombs and fire from field guns, machine-guns and pom-poms (multi-barrel anti-aircraft guns).

Boulogne fell to the Germans Sunday.

The eyewitness said the Germans in "greatly superior" numbers attacked with aircraft, tanks and field guns and the destroyers removed the soldiers "in circumstances of great difficulty and peril".

A naval officer, said it was impossible to describe the events in chronological order because "we had not time to look at our watches" and censorship prevented disclosure of the day of the withdrawal.

A demolition party of seamen, Royal marines and a few Royal engineers, taking explosives and other gear, pushed across the channel in a destroyer at two hours' notice, reaching the main jetty of Boulogne in the forenoon.

On the way into the harbor, the party saw British and French destroyers "shelling high land to the north over which enemy tanks and mechanized troops were advancing toward the town".

Peace Short-Lived

Inside the harbor, "there was comparative peace, but not for long", the officer reported.

The party landed from the destroyer, occupied the railway station, fitted demolition charges and earmarked all bridges, cranes and lock gates for destruction, which was undertaken, it was said, at the request of the French authorities.

Troops in the station were

INSPECT JAIL PROPERTY

The building committee of the board of supervisors was in session today at the court house. Inspection was made of the county jail property which is seriously in need of repair. The committee, at the May meeting of the board of supervisors, was empowered to proceed with the improvements to the exterior of the jail which had been recommended by the April grand jury and requested by Sheriff Gilbert Finch at the May meeting.

STATE WARDS ESCAPE

Five male patients of a closed ward at the Dixon state hospital were still missing today, from a group of several who took advantage of an amusement period last evening. A dance for patients at the amusement hall had concluded about 9:30 and the patients were being returned to their wards by groups of employees during the

Honor Conferred on Lindbergh by LaFayette Escadrille Is Withdrawn

Paris, May 28—(AP)—Honorary membership in the LaFayette Escadrille conferred on Colonel Charles A. Lindbergh after his 1927 Atlantic crossing was withdrawn today by order of the French and Air Association of American Volunteer Combattants in the French army in 1914-18, representing former pilots of the escadrille.

The association announced its action was the result of Lindbergh's recent speech, which is classified as "definitely opposed to the spirit of the American volunteers of the LaFayette Escadrille and Foreign Legion who rushed to the defense of France in 1914".

The speech of Col. Charles A. Lindbergh which roused veterans of the LaFayette Escadrille in

Paris was broadcast over the United States from Washington May 19.

The flier warned the United States to stay out of Europe's troubles, and said "we need not fear a foreign invasion unless American peoples bring it on through their own quarreling and meddling with affairs abroad".

"We are in danger of war today", he said, "not because European people have attempted to interfere with the internal affairs of Europe".

Lindbergh insisted that the geographic situation of the United States gave it natural advantages, with aviation as an asset, in preventing attacks from overseas, and urged adoption of a definite policy of defense.

High Grade Inmates of State Hospital Will be Given Reward-Outings

Four hundred of the high grade inmates of the Dixon state hospital are to enjoy outings this summer under plans of Dr. Warren G. Murray, managing officer of the hospital. The outings are to be in the form of rewards for behavior and to provide entertainment outside the institution grounds for the patients.

About 200 male patients will enjoy big league baseball games in Chicago during the summer, while an equal number of female patients will be taken to the Brookfield zoo for a day. Employees' cars and trucks from the hospital, fitted to provide comfortable transportation, will take both groups on the outings and they will be accompanied by members of the staff and attendants.

Lindbergh insisted that the geographic situation of the United States gave it natural advantages, with aviation as an asset, in preventing attacks from overseas, and urged adoption of a definite policy of defense.

FRENCH PREMIER DUBS SURRENDER "UNPRECEDENTED"

Announced Capitulation of Leopold in Radio Talk to Nation

Paris, May 28—(AP)—The Belgian army surrendered to Germany today on orders of King Leopold III, leaving the armies of Great Britain and France in an ominously weaker position to resist the Nazi drive toward the English channel.

The allies lost the military support of about 250,000 men in 18 Belgian divisions and the French port of Dunkirk (15), where supplies have been reaching the hemmed-in-allied armies, was left undefended.

Belgian Premier Hubert Pierlot, meanwhile, broadcast a declaration from Paris that Belgium's government had no part in the capitulation of King Leopold III, adding that "the act of one man does not commit the entire nation".

A German announcement said the Belgian forces "affected by the capitulation may roughly comprise half a million men".

Action "Unprecedented"

Belgium's unconditional surrender was announced to the startled French nation by Premier Reynaud in a bitterly sarcastic speech in which he called the action "without precedent in history".

But the French high command declared the allies would continue to fight and their lines were reported holding solidly along the Somme and Aisne river lines to Maginot bulwark in the east.

Heavy German attacks along the Meuse river were said to have collapsed under hot fire from French positions.

Although the Belgian army admitted it was an "important force" in the allied campaign to stop the

Illinois House Is Cold Toward Anti-Fifth Column Bill

Springfield, Ill., May 28—(AP)—The Illinois house failed today to pass the Collins bill intended to bar "fifth column" elements from the state old age pension rolls.

Rep. Dennis J. Collins (R-Dekalb) kept the bill alive by postponing its consideration after only eight representatives, out of the first 27 whose names were called by the clerk, had voted for the measure. The others had failed to vote.

The bill would deny assistance to persons "affiliated with any organization or group x x x engaged in activities or propaganda designed to teach subservience and allegiance to the political ideals of foreign nations or the overthrow by violence" of constitutional government.

Collins told the house "if they don't believe heart and soul in our form of government" aged persons should be denied state aid. Rep. Benjamin S. Adamowski (D-Chicago) called the bill "very foolish and contrary to democratic principles". He proposed that the bill be given "silent treatment".

First Bills to Horner

The first special session bills enacted were dispatched to Governor Horner today after passage by the house. They included \$88,000 in special session expense appropriations and the Gunning bill making a \$46,393 deficiency appropriation to reimburse county fairs for 1939 premiums.

Final adjournment of the special session was postponed, at least until next week, by action of the house in voting to meet perfunctorily tomorrow and recess until June 4.

Speaker Hugh W. Cross announced, however, house and senate leaders would conter late today to decide upon which of two pending bills to raise the old age pension maximum to \$46 a month shall be passed.

One such bill has passed the house and a similar measure is through the senate.

Cross predicted the house would

Six Army Fliers Die in Crash of Bomber Last Eve

March Field, Calif., May 28—(AP)—Two officers and four of a crew in a Douglas bomber were killed last night in a crash near Mojave, Calif.

One man, Sergeant John B. Stewart of Midway, Ala., survived the crash but was injured seriously. He was flown to the General hospital in San Francisco early today.

Those killed were:

Second Lieut. Jess A. Smith, 30, Riverside, Calif.

Second Lieut. Charles A. Nisbett, 25, Riverside, whose parents are Mr. and Mrs. Leonard N. Nisbett, Alton, Ill.

Sergeant Thurman T. Owens, Riverside,

Private Wayne G. Kaufman, whose mother is Mrs. Rita Kaufman, Burlington, Iowa.

Private Doyle H. Bean, Kirbyville, Texas.

Private Eugene A. Schulz, Twin Falls, Idaho.

The plane was a B-18 Douglas

bomber of the 34th bombardment group.

It was on a night bombing mission.

The crash occurred about 10 P. M., officials said, at Murco dry lake, which is the army's bombing range in the Mojave desert.

Nazi Command Says King Asked Armistice

Capitulates

PARIS, May 28—(AP)—A war ministry spokesman said tonight that the Belgian army, "almost in its entirety" has given itself up as prisoners to the Germans and that the situation, as a result of King Leopold's capitulation, "is very difficult" for the allies. He placed the number surrendered at 300,000.

Berlin, May 28—(AP)—Germans hailed the capitulation of King Leopold's Belgium army today as marking collapse of the main line of resistance of the allied army of 1,000,000 which the swift Nazi legions had trapped in Flanders.

Fuehrer Hitler's headquarters said the surrender was "unconditional", and estimated that "roughly half a million men" were involved.

A new break through French border fortifications "on a broad front" was announced meanwhile by the German high command.

The communiqué reported heavy fighting against the allies' "embittered resistance" which, it said, was partly broken with Nazi legions advancing within six miles of the Belgian city of Burges (16), crossing the Scheldt canal west of Valenciennes (F6) and capturing the French towns of Orchies and Douai, south of Lille (G6).

In some form or other, assuming Germany is victorious, Leopold will be permitted to continue functioning as king, informed sources predicted.

King Leopold himself asked for the armistice, an announcement issued by the high command from Hitler's headquarters said.

The announcement stated King

Spring-fed Creeks in Lee and Ogle Will Be Restocked With Trout

Fishermen in every part of Lee county will welcome the announcement today that every spring-fed creek in the county is soon to be stocked with brook trout. Deputy Conservation Inspector Duis of this city and Inspector Charles Myers of Oregon conferred yesterday in selecting the Lee county streams which are to be stocked this week.

The Seven Mile branch creek north of Lowell park, which has been found ideal for the propagation of trout, is to be restocked. Willow Creek in the east end of the county, Green river near Ambay and the Franklin creek will also be stocked with young brook trout within a few days, it was announced. MEMORIAL DAY SERVICES

Smith-Reynolds Post No. 511, were in charge of the Memorial Day services held on Sunday at the Methodist church. The members of the post and auxiliary met at the Legion Hall and marched in a body to the church where Rev. Herman Meyer of the Baptist church delivered a fine address.

BAPTIST MISSIONARY

On Thursday afternoon, the Baptist Missionary society met at the church parlors to enjoy a special program and Silver Tea. The offering received was sent to Miss

dress at 11:00 o'clock. He chose as his subject "My Battle." Rev. James Hagerty, of the Methodist church, and Rev. William Pfautz, of the Presbyterian church also assisted in the program. Several special musical numbers were presented. A very good number attended the services, and enjoyed the fine program and inspiring talks.

Brodbeck, missionary daughter of the Ottawa Baptist association, who is leaving for work in China in the near future. A large group attended the meeting, and after the regular business session the program was given. Mrs. Mabel Carnahan was the program chairman for the event, and Mrs. Ivan Urish, and Mrs. John Fife were the hostesses. Delicious refreshments were served. Following is the program: Mrs. Mabel Carnahan gave a very interesting and worthwhile talk on "Titheing". Mrs. Herman Meyer, then gave a vocal on the "Hymns We Love." Vocal solos were rendered during the program by Mrs. Truman Erlebach, Mrs. John Mortimer, Miss Muriel Smith, and Mrs. Hazel Mead.

GEORGE WASHINGTON SAID:

"Excessive partiality for one foreign nation and excessive dislike of another cause those whom they actuate to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots who may resist the intrigues of the favorite are liable to become suspected and odious, while its tools and dupes usurp the applause and confidence of the people to surrender their interests." From the Farewell Address.

Pan American Protest Important

Nobody in Germany is going to pay much attention to the united protest of the 21 American nations against the invasion of the Low Countries. Though the Americas with one voice denounced the invasion as "unjustifiable and cruel," and called for re-establishment of law and justice among nations, nobody can expect Hitler to be much impressed at a moment when he is "shooting the works" in a make-or-break military effort.

That does not mean, however, that the American protest is meaningless. It is highly significant.

Franklin wryly told his co-signers of the Declaration of Independence that they'd better hang together or they'd assuredly hang separately later on. That's the way the American countries are beginning to feel about the expansion of totalitarianism in Europe.

The countries to the south have even more reason than the United States to be conscious of possible future danger and of present local interference by sympathizers with foreign systems. Note these recent occurrences:

ARGENTINA: Police raid meetings and demonstrations noisily favoring Germany; arrest German operator of secret German propaganda radio station. Defense measures speeded, series of new naval, air, and coast defense bases planned. Italian Fascist cells also active.

URUGUAY: Government opens investigation of Nazi "fifth column" activities; vast quantities of German propaganda alleged shipped in for organizations of local Nazis directed from Berlin. Some small arms caches seized.

PERU: Local Nazis raise rumpus at showings of British propaganda movie, forcing its withdrawal. Peruvian senators indignant.

COLOMBIA: Government takes steps to protect oil pipe line to the coast from interior, believed endangered by organized activities of 2,000 Nazi sympathizers directed by a nephew of Ribbentrop.

BRAZIL: Vargas government, which forcibly smashed Rightist Integralists in May, 1938,

smashed active communist activities this April. German airlines set up new routes to interior.

CUBA: Flooded with German propaganda.

MEXICO: Government investigates "fifth column" charges, and alleged infiltration of German agents working closely with communists. Fear July elections may present crisis, with possibility that German and Russian agents will foment violence.

These are only a lightning sketch of what is going on to the south. They give, however, an idea of why Nazi success in Europe has alarmed the existing regime in almost every country, while giving new heart to all pro-Nazi, pro-fascist, and pro-Falangist elements, now strangely co-operating with the communists.

Thus the united protest of the American countries against the Lowland invasion is important in giving one more evidence of the Americans' determination to stick together against influences which might some day menace them from abroad, and which are already at work to undermine them at home.

That \$2,500 House

Once again the super-stubborn problem of cheaper housing for 18,000,000 lower-income families is being attacked.

This time the American Institute of Architects is going to bat for a \$2,500 house. Dean Walter R. McCormack of the School of Architecture of Massachusetts Institute of Technology indicates the battle lines: high construction and land costs, high financing charges, unwise taxation policies, zoning abuses and outmoded building codes are some of the fortresses to be stormed.

Code restrictions, he believes, for instance, should be limited to provisions for safety and health, with all other stipulations reduced to "recommended practices." This change in policy alone, he believes, Dean McCormack, might cut construction costs in some cities as much as 20 per cent.

This problem of building houses at a price most people can pay has been one of the knottiest of our time. But as long as builders, architects, city and government officials and others continue to attack it there is no reason to give up hope of solution. It will come, and with it will come a building boom in some cities as long, long overdue.

A Soldier Goes to War

All the tragedy of Europe is compressed into one little cameo picture of Paul van Zeeland sailing home to fight, to do anything he can to save what remains of Belgium.

Van Zeeland is a civilized European. As Belgian premier he worked long and hard to bring sanity to the European madhouse. His creed is well shown in his choice of concluding words in a recent series of lectures at Cambridge. They are words of Pasteur, the great French scientist:

I believe invincibly that knowledge and peace will triumph over ignorance and war; that the nations will come to an understanding, not to destroy, but to build, and that the future will belong to those who have done the most to relieve the sufferings of mankind.

So spoke Van Zeeland less than two years ago. In 1940, sailing for Belgium, battle, perhaps death, he compressed all Europe's agony into these poignant words: "I can't stand it any longer. I've got to go!"

— ROMANCE AHEAD

BY TOM HORNER

COPYRIGHT 1940,
NEA SERVICE, INC.

YESTERDAY: Monnie trails Larry, demands an explanation of his night vigil. He tries to send her home, she confesses he loves her. She loves him, too.

TODAY: She knows of the narcotics ring of the hangar. Larry is the head of the gang.

The plane comes again. Larry rushes off, forgetting his carbine.

CHAPTER XI

LARRY noticed the carbine was missing when he stopped at the canyon gate. It was too late to turn back for it now. The plane was almost overhead. In a few seconds the lights of Bentley's landing field would blaze against the sky. Larry knew he had to take his chances.

The black was racing up the canyon at a dead run. Larry saw the sky light up as the landing field lights went on. The plane had come in high, was circling the field now. Larry turned up trail leading up to the plains.

When he reached the top he was less than a mile from the field. The ship was on the ground, the motor car beside it, both standing out sharply against the lights from Bentley's hangar.

Larry had the binoculars out in a flash, studied the plane and the men beside it. There's Bentley—the one with riding boots—talking to the pilot. They talked for several minutes. Bentley's arm swung in an arc and the lights went off.

The plane's motor roared again, then throttled down. With the headlights of the automobile lighting the way, the pilot taxied up to the hangar. The huge doors swung up. The plane disappeared inside.

"Not taking off right away. That'll give me a chance to take a look at that ship," Larry told the black as he dismounted. He uncoupled his lariat, tied the reins to the loop and fastened the other end to a mesquite bush. Better to have the horse tied in one spot than to let him go grazing around.

He ran on toward the hangar. Each time the airline beacon swung around he dropped flat. No use letting some sharp-eyed lookout catch sight of him, if Bentley had a lookout.

It took him 15 minutes to get within 100 yards of the building. Bentley, the pilot and the others were still inside. The automobile was parked beside the hangar doors.

Larry crawled along until he could reach out and touch one of the lights, marking the boundaries of the field. Bentley and the pilot came from a door—or the side of the hangar nearest Larry—got into the car. Two other men followed, jumped on the running boards. Larry waited, holding his breath.

breath, while the car sped up the takeoff. Then all was quiet.

If he could get inside, Larry figured he might find some place to hide, might overhear Bentley and the flyer. He might even discover the clew that would convict Bentley. He decided to risk it.

Now all he had to do was wait until they all left, slip back to his horse and hurry back to the Hayhook—and Monnie.

A voice snapped the stillness. Bentley's.

"Where'd you find that horse?" "Just a ways from the field," another voice answered. "Thought I saw something moving down there when the beacon swung around. I went down to look and found this black, staked out on a lariat. It's a Hayhook horse, Mike."

"Get the rest of the men and circle the field," Bentley snapped his orders. "Here, Bill, come along with me. Bring those guns from the car. We'll search the hangar."

LARRY pulled back into the darkness of the cabin as the hangar doors closed and the room filled with light. Bentley was searching the lockers, slamming doors, cursing.

"Turn on the field lights, all the lights!" Bentley yelled. "Get outside, Bill, see if you can find anything. I'll wait here. We've got to get that fellow. He knows too much."

Bill muttered something, slammed the door as he went out.

Larry held his breath, praying that Bentley wouldn't think of his plane. There were few hiding places in the bare hangar, and that meant fewer places for Bentley to search. Larry heard Bentley running up the iron steps to the tower atop the building. He thought of risking a dash out of the hangar, decided against it.

His chance was gone in that second. Bill returned shouting, "Mike—Mike—look what I found!" Bentley came crashing down the steps. "Field glasses! Where did you get those, Bill?"

"Just outside the lights. Almost stepped on them."

"He's either in here, or he's got clear away," Bentley said. There was a pause. Larry could almost feel Bentley's eyes on the cabin plane. Then—

"Bill, get that tommy-gun from the locker. Put a row of holes along the side of the cabin there—just behind the seat."

He raised his voice. "Hey, you, inside the plane. Do you want to come out now, or shall we drag you out?"

"I'll come out!" Larry answered.

in the Bend.

The Dixon man is the youngest and last remaining of a family of six brothers and sisters. He was only three years old when his father died.

Mr. Buckalo says his earliest memory of Dixon "is a visit I made with my mother to the J. B. Brooks general merchandise store on Water street, where Snow and Wieman are now located." There weren't any stores farther south, he adds. His mother's farm was five miles from town, and as the family had only a wagon in which to travel "we didn't go to town every night," he explains.

Washington, May 27.—In connection with the failure of Britain to get an all-important trade agreement with Russia at this time, the following story is being told in the White House entourage. (It was brought back from European chancelleries by Assistant Secretary of State Sumner Welles.)

The Nazis played an historic trick upon Britain's Prime Minister Chamberlain at Munich. They concealed in the secret council chamber a dictaphone, the presence of which no one else knew, including Chamberlain. Then in the preliminary discussions they proceeded to draw Chamberlain out on a variety of subjects including Russia. This was a subject upon which Chamberlain was particularly hot at the moment. As you will recall Russia was not invited to the Munich gathering. What he said about Stalin would have made that dictator's ears burn.

It later did. When Hitler's foreign minister, Herr von Ribbentrop, went to Moscow just before the outbreak of the war to lure Stalin into the Nazi camp, he took along the phonograph record of Chamberlain's acid criticism as exhibit A. First thing he did in Moscow was to play it over for the man of steel, whose temperature immediately registered 124 degrees and has been maintained at that pitch since then, as far as most things British are concerned.

Business is good. With stock market and commodity values shrinking in fear of the future, the statistics of Roosevelt's economists show industrial production increased this month for the first time since December. Their estimate is 106 for May, an increase of 4 per cent from April.

Doubt it if you want to, but one reason for this rise is the same one that has helped to cast gloom upon the security and commodity markets, the invasion of Belgium. The Nazis have closed one of the world's largest steel sources there. Orders, notably in Latin America, which formerly went to Belgium are now coming here.

This is only one of the confusing contradictions of the current hysteria. Tremendous drop in our markets was supposedly caused by the sudden expectation of a German victory on the ground it would cause cancellation of allied war orders and close our export markets. While the economists are inclined to nod assent to these general suppositions, they agree the markets carried their anticipation much too far and too fast. The prospects of a German victory have already brought more than a billion dollars increase in the European war, and looks very dark for us older people—for us who have enjoyed a beautiful country, and now to think it may be turning into a war like that.

Hitler seems to go wherever he wants to," he observes. Discussing the loyalty of Hitler's followers, he asks: "Hasn't it been your opinion that oftentimes, people who have a great following don't amount to anything?" He hopes that airplanes will be ruled out of war after the present conflict, just as gas was outlawed at the close of the World War.

Further query concerning his opinion of airplanes brings the prompt reply: "They can ride in them that wants to. I don't think I want to."

Ask him how it seems to be 91 and he'll tell you: "When you want to work, it's pretty hard."

Despite his age, his hearing is good, and he says he has never been sick in bed a day in his life.

CHICAGO CUBS HUNT SHORTSTOP

Chicago, May 28—(AP)—The Chicago Cubs, realizing that they might get into the National League flag chase with a reliable shortstop, still are looking for a successor to Bill Jurges.

Jurges, you may remember, was the last fancy shortstop the Cubs employed, and they let him get away after the 1938 season in a trade with the New York Giants.

Gabby Hartnett's crew has tried major leaguers and minor leaguers since Jurges joined the Giants, but there's still a gap in the Cub infield.

Clarence Rowland, chief Cub scout, went east with the Cubs two weeks ago to try to pry little Eddie Miller loose from the Boston Bees, but has drawn a blank so far. The price on Miller, in cash and players, has been too steep.

Since Jurges left the Cubs have had four shortstops, but none has filled the bill. Dick Bartell, obtained in the Jurges trade, and Bobby Mattick were the Cub shortstops in 1939.

This year the Cubs have had three men at the spot—Bob Sturgeon, Mattick and Bill Rogell, the latter obtained from Detroit for Bartell. Sturgeon, 19-year-old rookie, started at short, but soon was shipped to Jersey City. The 35-year-old Rogell was given a try and now Mattick is back in there.

GEORGE WASHINGTON BUCKALOO

Mr. Buckaloo, who resides on North Hennepin avenue, was born near Grand Detour. His parents came west from Pennsylvania in 1839, the year Lee county was organized.

By LOIS J. STIMELING

"I'd like to take an ax and get out in the woods." That's the way George Washington Buckaloo of 615 North Hennepin avenue describes his feelings as he enters his ninety-first year of life.

He celebrated his anniversary today with an informal family gathering at his home, the building of which he supervised in 1900.

Two nieces, the Misses Grace and Elizabeth Buckaloo, reside with the aged man, and Clinton C. Buckaloo of 316 Spruce street is a nephew. Grand-nieces and grand-nephews include Mrs. Durward Brader, Mrs. Edward Bollman and Clinton B. Ives of Dixon; Mrs. Josephine Redmond of Akron, Ohio; John Ives, Toledo, Ohio; Sidney Buckaloo, Bethany, Mo.; Mrs. Dorothy Kittleson, DeKalb; and George Warren Buckaloo, who attends Iowa State college at Ames.

founded.

Ride In Hoist

The Buckaloos' home in Pennsylvania was east of the Alleghenies. They made the ascent of the mountain in a hoist attached to a huge engine at the summit, and were lowered down the other side by means of a similar carrier.

They then proceeded by train to Pittsburgh, traveled by boat down the Ohio and up the Mississippi to Savanna, from where they headed to Lee county from Pennsylvania in 1839, the year the county was

Hornor Declines Searle's Request for an Interview

(Picture on Page 1)
Springfield, Ill., May 28—(AP)—Governor Hornor today declined to discuss old age pension financing with the Searle economy committee, asserting in a letter that "it is necessary for me to conserve my strength for more important matters of state".

In the letter addressed to Rep. Clinton Searle (R-Rock Island), chairman of the Republican-controlled house committee, Governor Hornor said the proposed conference "would be a sheer waste of your time and mine".

Rep. Searle requested the conference to clear up what some committee members said was "confusion" concerning the ailing governor's special session message in which he advocated increased old age pensions but left the problem of finding additional funds up to the legislature.

"Your committee, created to study state finance, has had the past four weeks to collect data and other pertinent material", the governor's letter said. "Directors and other officials have co-operated with you whole-heartedly. You now have in your possession all the fiscal data I could supply."

"This data shows that no new taxes are necessary or advisable at this time. It has been shown that it is possible to make an appropriation for increased old age assistance in the amount necessary without imposing new taxes or increasing present ones. For me to engage in a conference with you at which the same ground would be covered again would be a sheer waste of your time and mine."

Respectful Declination

"Consequently, I respectfully decline your invitation inasmuch as it is necessary for me to conserve my strength for more important matters of state".

Finance Director Samuel L. Nudelman, close adviser of the governor, has told the committee sufficient funds are in the treasury to pay increased pension awards until after the first of the year, when the next regular session of the legislature will convene.

Both houses have approved different bills raising the maximum old age assistance award from \$30 a month to \$40 a month and final action is expected in the next week or two.

Chairman Searle was sharply criticized last night by another committee member, Rep. W. O. Edwards (D-Danville), who asserted the committee chairman had made "frequent attempts to discredit work of the state departments".

"I am ready and willing to expose any leaks but so far nothing has been exposed", Edwards declared.

The Danville legislator protested when Searle questioned Joseph E. Knight, secretary of the Illinois Commerce Commission and secretary of the Democratic state central committee, concerning his contributions to the party campaign funds.

"That doesn't have anything to do with this committee", Edwards said. "The question is nonsense and highly improper".

Edwards was overruled and Knight replied he made voluntary contributions to "carry on the principles of government".

Acting Chairman William W. Hart of the commission estimated that approximately \$60,000 would be diverted from his appropriation for old age pensions. State Printing Superintendent John J. Donoghue was questioned briefly concerning state printing contracts and promised to supply further information.

FOR NATIONAL DAIRY WEEK
Washington, May 28—(AP)—The senate passed and sent to the house yesterday a resolution authorizing the president to set any peak in June as National Dairy Week. The resolution was introduced by Senator Wiley (R-Wis.)

French Premier—

(Continued from Page 1)

German advance, Reynaud said it had suffered many casualties and many other Belgian soldiers undoubtedly had been taken prisoner.

Cushioning the shock of his announcement, Reynaud declared France was prepared to hold "on the new line which has just been established on the Somme and Aisne rivers and thence west to the Maginot line".

Against Cabinet's Advice

The premier said King Leopold had decided to capitulate "in full battle" against the advice of his cabinet.

The cabinet, Reynaud said, had informed the French government of its desire to "raise a new army" to fight with the allies, and had placed at the service of France all the resources which it still has available.

"Brusque" Capitulation
Reynaud prefaced his announcement of the capitulation with the words: "I must announce a grave event to the nation".

"The Belgian army", he said, "has just brusquely capitulated in the field on the order of its king".

Prior to Reynaud's announcement French military commentators had been acclaiming the Belgian army as the "heroes" of the fighting in the north.

He said the French "faith in victory is still intact" and called upon the nation for a supreme effort.

No attempt was made in Paris to hide the fact that King Leopold's order was a distinct setback, but it was pointed out that the possibility of the loss of the Belgian sector of the battlefield already had been taken into account.

Some May Ignore Order

It was believed that at least part of the Belgian army, which was understood to number more than 500,000 men before the German invasion, might disregard the king's order and continue fighting with the French and British.

French military circles said they were at a loss to account for King Leopold's decision, and expressed the "sympathy" for the Belgian army.

At the time Leopold's order was issued, one spokesman said, the Belgians were holding all along the front between Menin, on the French-Belgian frontier, to Ghent.

He declared the French forces of the Belgians' right flank had counter-attacked successfully on the Lys river near Menin, with tanks leading the assault.

On the coast, Calais (H4) was reported still holding out against German advance elements driving northward from Boulogne (H4).

Three Waukegan Men Rescued from Disabled Motorboat Late Monday

Kenosha, Wis., May 28—(AP)—Three Waukegan, Ill., business men, adrift on Lake Michigan since Sunday afternoon in a disabled motorboat, were rescued late yesterday by coastguardsmen.

The men, wet and chilled, were W. T. Peterson, owner of the boat and president of the Waukegan Chamber of Commerce; William Collins, chief chemist of the Johns-Manville Company, and H. L. Corke, Commodore of the Waukegan Yacht club.

The coast guard discovered the boat drifting outside the Kenosha harbor and towed it into port. The three men said the clutch on their 27-foot craft had broken.

"Sad Days Have Come"

"Our leaders and our soldiers form a bloc in which the country has entire confidence and which tomorrow will draw the admiration of the world.

"We knew that sad days were coming. They have come.

"France has been invaded a hundred times and never beaten. That much our courageous populations in the north must remember. It is from the tests we are awaiting that the new spirit of France will be forged—spirit which will be greater than ever.

"Our faith in victory is intact. The strength of every soldier, of every French man and every French woman is increased ten times. Misfortune has always bolstered France. She has never been as united as today.

"But, in full battle, King Leopold III of Belgium—without warning General Blanchard, without consideration or a word for the French and British soldiers who had come to the help of his country in response to his anguished appeal—King Leopold III laid down his arms.

"It is a fact without precedent in history.

"The Belgian government has told me that the decision of the king was taken against the unanimous sentiment of his responsible ministers. The government added it had decided itself to put at the service of the allied cause all the forces of its country which were still available, and particularly that it wished to raise a new army and collaborate in the work of arming France.

"It is about our soldiers that we are thinking.

"They can say their honor is intact. They are making a magnificent effort along the whole front. Every day during the 18 days of

For Your Holiday Picnic

ARRAUM'S "STAR" PICNICS

SUGAR CURED

Of Interest to Farmers

FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

Farmers' Picnic Planned at Paw Paw for June 18

(Telegraph Special Service)

A poultry buyer told me today that he had bought 15,000 head of 1½-pound chickens from a hatcheryman. He raised them only because he wasn't able to sell them. But now he's pleased that people wouldn't buy them because, as it turned out, he has sold them for a good price and pocketed a nice profit.

That's fine for the hatcheryman. But what I can't get over is the fact that FARMERS could just as well have had that profit if they had bought the chicks and raised them.

If you're like warm about raising chickens this year, I wish you could listen in on some of the phone calls I'm getting every day from people who want to buy poultry. You'd put your first bunch of chickens out in range shelters and get a second bunch into the brooder house in a hurry.

Better Prices Are Indicated

The U. S. Department of Agriculture says:

"The number of chickens raised this year apparently will be the smallest since 1937 and possibly since 1934."

The number of young chickens on the farms May 1 was 18 per cent less than last year.

"Commercial hatcheries set 11 per cent fewer eggs in May than they did last year."

"A substantial increase in the prices for live broilers and fryers has been noted the last few weeks."

Cash In Opportunity

Ordinarily I don't recommend starting late chicks. But I don't see why anyone should pass up a chance to make some money. And looking at the facts, I think this year a person could start chicks right now and be sure of making a good profit on them. I don't see how you could miss if you do anything like a good job of raising them.

If you aren't raising as many chicks as you have room for, get more. If you already have one bunch well along, get another. If you can, get started chicks. Then you'll be just that much further ahead.

I'm convinced that people who have chickens to sell this fall are going to make more money on them than they have made for several years. But you can't get a chicken up to 5 pounds over night. If you're going to have them to sell this fall, they've got to be started now!

I hope you won't pass up this chance.

Sincerely yours,

(Copyright, May 25, 1940,

Lee County Dairy Herd Association Among State High

Again this year the annual insurance jubilee sponsored by the insurance department of the Lee County Farm Bureau will be held in the Mills & Petrie Memorial building in Ashton. The date is the evening of June 6 at 8:00 p.m.

Each year an attempt is made to improve the entertainment, and following requests which have been offered from time to time, a program has been formulated.

George Bernard Returns

Because of popular demand, George Bernard, announcer, who acted as master of ceremonies at the annual jubilee in 1938, while still at Rockford, and just before he joined the staff of WLS, is making a return engagement this year.

Arrangements have just been completed with the Hoosier Sod Busters, veterans of the WLS National Barn Dance, who boast possession of the world's largest and smallest harmonicas, who play in personal appearances and are on the regular staff of WLS, to be featured. These boys are accompanied by the special singing of Rusty Gill, well known among WLS audiences. Also among the group of entertainers will be "Pat Buttram," favorite of many of the "Listener-inners" to the WLS National Barn Dance. The Prairie Sweethearts, two girls, when they get together and sing one of their Mexican newest numbers they learned in Mexico, will treat the audience to some of the most unusual interpretations of the old and new songs.

Surprise Act Planned

Those attending the Jubilee will be entertained by a new and novel type of program. There is a surprise act, the details of which are not being divulged, which is being planned by the insurance department.

The date selected for this occasion has been chosen because the rush work would be over and it would be possible for a large group to attend.

Predict Wheat Supply To Total 963,000,000 Bushels for 1940-41

Washington, May 28—(AP)—The agriculture department has reported that the American wheat supply in the 1940-41 season would total approximately 963,000,000 bushels on the basis of present indications.

This includes an estimated 1940 crop of 675,000,000 bushels and a July 1 carry-over of 288,000,000 bushels of old grain.

There were indications, the report continued, that domestic consumption in the 1940-41 season would total about 665,000,000 bushels and shipments to American possessions about 3,000,000 bushels. Thus, about 295,000,000 bushels would be available for export and reserves.

Lard

A sustained strong cash situation, with an active shipping demand, failed to support the futures market in face of surrounding weakness, and May longs forced prices to the minimum limit, in their efforts to liquidate. July contracts continued weak after trading in May eased, and are within ¼ cent of the minimum at the close Friday. Receipts have totaled only 347 cars, while 103 cars have been loaded out, and shippers have sold 147,000 bushels. Cash basis, adjusted to July contracts, has held firm with No. 2 Whites quoted 4½ over July. Visible stocks decreased heavily, 895,000 bushels, and the total is now only 5,002,000 bushels, of which 1,997,000 bushels are in Chicago. An offer of Government loans on barley, from 35 cents for No. 1 down to 25 cents for No. 5 on the farms, failed to stimulate any important demand for oats. The Government weekly summary and private reports show the crop making excellent progress, although still as much as three weeks late in some areas.

The next meeting of the committee will be held on Wednesday evening, June 5, at the Paw Paw State Bank. As yet, the complete arrangements for the entire picnic have not been finished. However, judging from past programs, Paw Paw people are assured of a very first-class day of entertainment.

Sterling Brothers Buy Prize Bull Being Sent Out of Europe

Chicago, May 28—(AP)—Fifteen head of prize purebred Short-horn cattle, refugees from war-torn Europe costing \$23,000, were being shipped today to new owners in the middle west and south.

H. J. Gamlich, secretary of the American Shorthorn Breeders' association, said the prize stock likely was the last shipment to come out of Europe for an indefinite period, a factor which would increase their cash value.

The bull, Cruggleton Prince Desmond, and eight females in the shipment were bought by Conner Prairie farms, Noblesville, Ind., owned by Eli Lilly. The bull cost \$6,500 and the females \$750 each.

Arnold Brothers, Sterling, Ill., paid \$3,200 for the bull, Cruggleton Action; Atwood Farms, Rockton, Ill., took Silver Coin, a bull, for \$1,000, and Allendale Farms, Libertyville, Ill., Lawton favorite, both bull, at \$2,600.

Frank W. Harding, former association secretary, made the purchases and bought a bull for his Anoka farms at Waukesha, Wis.

DUSTY'S DOGGONE GOOD

Bellingham, Wash.—(AP)—Hansen gets police "protection" from his mongrel dog, Dusty. The dog stands beside Hansen's automobile until he sees a traffic policeman approach. Then Dusty goes to the door to Hansen's store and barks. Hansen moves his car and avoids an overtime parking ticket.

SLICK AND QUICK

Denver—(AP)—The Painters Union Local No. 79 wanted to do "something nice" for Mrs. Art Seastone and so 18 members drove out and painted her four-frame house, from foundation to rain pipe, in 18 minutes. Mrs. Seastone is the widow of a union member.

BOROP HERD LEADS LEE-BUREAU GROUP IN THE PAST MONTH

Guy Borop & Son again led the Lee-Bureau Dairy Improvement association for the month of April with an average of 1391 pounds of milk with 51.9 pounds of butterfat. The owners are still feeding a grain mixture of corn, oats, cottonseed meal along with silage and good quality alfalfa hay.

There were 238 cows on test in the association for the month with 753 pounds of milk, average with 30.4 pounds of butterfat. Only 29 of the 238 cows were dry.

There were nine cows sold during the month, six of these sold to other herds for dairying, while the other three went to market.

The high herds were as follows:

Guy Borop & Son, owners, 10 cows, 1391 average pounds of milk, 51.9 average pounds of butterfat.

Reinhard Gerdes, owner, six cows, 1137 average pounds of milk, 42.15 average pounds of butterfat.

Leslie Dahl, owner, 17 cows, 978 average pounds of milk, 36.6 average pounds of butterfat.

Leonard Anderson, owner, seven cows, 734 average pounds of milk, 35.8 average pounds of butterfat.

Everett Kruse, owner, five cows, 877 average pounds of milk, 34.56 average pounds of butterfat.

Dave Parson & Son, owner, 12 cows, 981 average pounds of milk, 34.54 average pounds of butterfat.

The ten high cows were as follows:

Leslie Plumley, Grade Holstein, 1554 pounds milk, 65.3 pounds butterfat.

Short & Johnson, Purebred Holstein, 1602 pounds milk, 64.1 pounds butterfat.

Reinhard Gerdes, Purebred Brown Swiss, 1743 pounds milk, 62.7 pounds butterfat.

Guy Boron & Son, Purebred Holstein, 1683 pounds milk, 62.3 pounds butterfat.

Guy Borop & Son, Grade Holstein, 1818 pounds milk, 61.8 pounds butterfat.

Guy Boron & Son, Purebred Holstein, 1592 pounds milk, 58.5 pounds butterfat.

Guy Borop & Son, Grade Holstein, 1327 pounds milk, 58.4 pounds butterfat.

J. D. Milliken, Purebred Guernsey, 1296 pounds milk, 58.3 pounds butterfat.

Glenn Albrecht, Purebred Guernsey, 1197 pounds milk, 57.5 pounds butterfat.

Short & Johnson, Purebred Holstein, 1485 pounds milk, 56.4 pounds butterfat.

Lamb Show to Be Held In Amboy on June 17

The first Lee county lamb show will be held at the city park in Amboy on June 17, the day before the Chicago Junior Market Lamb Show. The plan of the show is to exhibit the animals at Amboy and then load them for Chicago.

The classes of the Lee county show are as follows:

Class No. 1—Single lamb.

Class No. 2—Pen of three lambs.

Class No. 3—Pen of five lambs.

Class 4—Pen of ten lambs.

These are the same classes that will be eligible in Chicago and the regulations of the Chicago group will be used at the Amboy show. An exhibitor may make only one entry in any given class and the same may not be exhibited in more than one class except in the No. 1 group.

While the time has not been set, it is probable that the exhibit will begin at 9 o'clock in the morning to allow time for shipping the lambs to Chicago in the afternoon or evening.

A mosquito's bill or "stinger" consists of six extremely sharp needles to pierce the victim's flesh, and a slender tube through which blood is sucked into the insect's mouth.

The constant policy of "better accommodations at lower rates" has won a reputation for the Atlantic, where the traveler finds comfort and service equal to that of cosmopolitan hotels—at the same time enjoying the personal friendliness that a larger hotel cannot give. KNACKS PREPARE FOR PERU
The Dixon Knacks baseball team will hold a practice session to-night at 5:30 o'clock at Reynolds Field as the boys tune up for the game here Thursday (Memorial Day) with the Peru Parks, one of the best baseball clubs in this part of the state.

GOLF MATCH IS CANCELLED
The golf match scheduled yesterday between the Dixon and Sterling high school players was cancelled due to the bad weather and wet course. Due to the rush toward graduation no suitable date was available for a future match.

NEW TENNIS EQUIPMENT
Tarp nets will be provided at both the E. C. Smith and high school tennis courts this season, according to a park board official. The nets are permanent and will be left at the courts. This is a welcome addition to the equipment and provides chances for more people to play. Heretofore, players furnished their own nets. An asphalt dressing is soon to be put on the three courts at the E. C. Smith location, bringing the total of courts available to six.

PLAYERS' PASSES
O. E. Rowley, president of the Dixon Athletic association, has announced the players' passes for softball will be issued this week and that no player will be admitted to the park without his ducat.

IN QUALIFYING TRIALS
John M. Neuswanger, amateur golfer from Oregon, Ill., shot 90 and 98 for 188 in an effort to qualify for the National Open Golf tournament. The Ogle county golfer carded his score at Olympia Fields in Chicago yesterday where Lawson Little's 36-hole score of 65-69 for 134 was not only tops for the Chicago district but low for the entire country in the qualifying trials. The tournament will be played June 6-8 at Cleveland's Canterbury club. Among those successful in qualifying were Jock Hutchinson, Jr., of Rockford (80-71-151) and Al Huske of DeKalb (71-76-147).

FREE SWIMMING
According to Edward Vale, president of the park board, there will be no charge at the Lowell park beach this season. This will mark the first year of free swimming at the park. Mrs. John Schultz is the new concessionaire at the beach. In the 32 years of the supervised swimming there hasn't been a single fatality but it is estimated that over 400 have been rescued by Ronald Reagan, former lifeguard, and John Crabtree, present guard.

STARS IN THE NIGHT
In Boston you spell it with two X's, in Dixon it is only one—but the name adds up to fine performance just the same. Last night at the softball park young Fox, playing shortstop for the Freeman's team made one of the niftiest one-handed stabs you ever saw. The effort spilled the infielder over backward but he held on to the leather. Other stars in the cold and dreary night landscape were Bill Krug of Ashton playing with the High Life, who scored the second home run of the season and drove in two runners ahead of him. Ken Emmert played in centerfield for the I. N. U. and made some handy put outs with a wet and slippery ball.

JUNIOR LEGION GAME
The Junior American Legion baseball club will play the State Hospital team at the colony diamond at 1:30 Thursday afternoon. Members of the Legion team have been asked to report at the root beer stand on Third street at one o'clock—and to be prompt.

OPENING NIGHT AT ASHTON
The lights at Kersten Field in Ashton will be turned up Thursday night in a holiday bill which will mark the opening of the softball season. In the first game at 7 o'clock the Rockford Negro girls will play the Ashton girls. In the feature attraction at 8 o'clock the Rockford Negroes will meet the Ashton town team.

NEW DIRECTOR
During the incorporation processes the Dixon Athletic association found it necessary to add one more officer to the organization and Hi Emmert has been chosen as a director.

GOOD FISHING
Fred Parker of Rockford, well known here and in Mt. Morris, has returned from a fishing trip in Canada with the report of great results. The party was out for lake trout and collected the limit in the first day of fishing. Parker was the speaker at the Route 72 conference banquet in Franklin Grove early this spring.

CINCINNATI REDS AND THE DODGERS BATTLE FOR LEAD IN HAIR-RAISING CONFLICT

**By JUDSON BAILEY
Associated Press Sports Writer**
National League fans, who have endured enough hair-raising races in recent years that they can feel blase about the child's play now going on in the American League, never have had anything closer than the Cincinnati Reds and Brooklyn Dodgers are today.

They are tighter than a tie, if such a situation is possible.

The Dodgers are on top in percentage .714 to .710, but they are half a game behind in won-lost calculations. Cincinnati has won two games more (.22) than the Dodgers, who have lost one less (eight) than the Reds.

The Reds did all that was in their power to capture the lead in stopping the Pittsburgh Pirates, 2-1 and 7-3, yesterday. In the first game Whitey Moore and Joe Beegs combined to hold Pittsburgh to four hits and won the game on two runs donated them in the first inning. Helped by two three-run frames, Jim Turner went the route in the nightcap, scattering nine hits.

Wasn't Good Enough

But Cincinnati's best just wasn't good enough to erase that percentage margin as long as the Dodgers continued to win—and they chalked up their fourth straight victory with a 6-0 shutout of the Philadelphia Phillies.

Whitlow Wyatt kept four hits spaced nicely while his mates ganged up on Clyde Smoll and Frank Hoerst for an even dozen. Five of the blows came in succession in the fifth inning for three runs.

Pitching keynoted most of the day's games. Bill Posedel held the New York Giants to four safeties while the Boston Bees pounded out a 7-1 triumph with 13 hits off three pitchers. It was Posedel's third win—exactly one third of all Boston's nine triumphs. Tony Cuccinelli joined in the party with two doubles and two singles for a perfect day.

The Chicago Cubs kept the National League design four-cornered by belting the St. Louis Cardinals, 7-1, and closing the gap between them and second place to a game and a half. Claude Passeau

limited the St. Louis sluggers to seven hits and held them scoreless after the first inning.

Indians Slip Half Notch

The Cleveland Indians slipped half a notch in their efforts to overtake the Boston Red Sox in the American League by losing a night game to the Detroit Tigers, 6-1. Buck Newsom simply took charge, holding Cleveland to six hits, striking out nine and retiring the last 11 batters in order for his fifth victory against one defeat. The Red Sox were rained out at Philadelphia.

Williams did the pitching for the winners and allowed five hits, walked three and struck out three. Max Fordham was on the mound for Borden's and he also, allowed only five hits while he struck out seven and walked four.

Nightcap Game

In the nightcap game all but one player scored at least one run for the High Life victory and the I. N. U. suffered under the blow of 11 errors.

Two base hits were credited to Bohiken and Barnhart, and a triple to Hesseberg and a home run to Bill Krug.

Ogle did the pitching for the High Life and allowed 15 hits, walked five and struck out two.

Withers pitched six innings for the I. N. U. and allowed 10 hits, walked six and struck out two. In one inning George Lebre allowed three hits, walked three and struck out none.

**Over 5,000,000
Homeless' Hopes
Are in Red Cross**

In organization and experience, the Red Cross is better prepared than at any time in its 76 years existence to cope with its greatest task to date, providing care and relief for the millions of Europe's war suffering refugees. William

M. Baxter, Jr., manager of the Red Cross midwest area St. Louis, said today.

"With the hopeless plight of more than 5,000,000 homeless refugees from invasions of the past two weeks, Europe's present problems assume proportions of one of the world's greatest catastrophes", Baxter said. As in all great disasters, the Red Cross is now calling upon the support of the American people to provide a minimum of \$10,000,000 for war

relief, just as was done during the Ohio-Mississippi flood of 1937, when approximately \$25,000,000 was subscribed by the American people for care of a million refugees, scarcely one-fifth the European population now desperately requiring Red Cross assistance.

"As in all its operations, the American Red Cross is following the will of the American people in asking them to determine the extent of its aid in Europe. Organized now with 3700 local chapters with a record peace-time membership of more than 7,000,000 persons, the Red Cross has made the need for the \$10,000,000 war relief fund known locally in virtually every county in the United States.

Response Heartening

"Response throughout the nation has been most heartening. At the close of the second week of the war fund appeal, contributions totalled more than \$2,100,000.

Chapter returns are now climbing steadily, indicating a determined effort on the part of the American people to relieve the distress of Europe's suffering millions who can rely on this country alone for outside aid.

"Time is the most important factor in the war fund campaign," Baxter continued. "Belgium and Holland's refugees in France, in addition to France's own evacuated populations, and the refugees of Poland and Norway, are in urgent need of immediate help having left everything behind them in their forced march.

\$10,000,000 Insufficient

"The \$10,000,000 being raised by the American Red Cross will not cover the entire relief needs of Europe's refugees", Baxter pointed out. This amount is America's share in this major relief operation which is being subscribed to with additional millions of dollars and supplies by Red Cross societies of the other 62 nations of the world.

The American Red Cross appeal represents the greatest effort of any one society, it being the largest and strongest of the societies in the world, yet this total provides but two dollars for every refugee in France alone today. This quota is an absolute minimum."

Following invasion of the Netherlands, the Red Cross moved swiftly, making emergency expenditures of \$650,000 for relief supplies and ambulances to aid Red Cross societies of affected nations. The Red Cross war relief delegation now comprises ten experienced men sent from America, among them veteran disaster workers. Two members of the staff, Raymond T. Schaeffer and Ralph Bain, were sent from the midwestern area. Both served in responsible positions in directing Red Cross relief during the Ohio-Mississippi flood of 1937, in addition to other disasters in the midwest in recent years.

PRISON POLICY

San Quentin, Calif. — (AP) — Convicts in the huge state prison here play an unusual "policy" game which pays off in sacks of tobacco—gambling on which of California's 58 counties will supply the next "even numbered" inmate. Numbers date from the prison's founding in 1852, and the latest arrival to win a prize for a lucky player was No. 65,000.

Funeral services for William Hanson Miller, 82, who died Thursday evening at his house on East Brayton road, were held at the home Saturday afternoon with Rev. William L. Manny of the Methodist church officiating. Burial was at Oakwood.

Mr. Miller was born Nov. 8, 1857, in Mount Morris, the son of John and Margaret Highbarger Miller. For a time he managed a large cattle ranch in South Dakota but the most of his life he spent in Mount Morris. In November, 1888, he was married to Lily Brayton who survives.

W. Bryant Stiger, commander of the American Legion post, announced the following order of service for the annual Memorial Day observance: The Kable Brothers 129th infantry band will head the parade of school children, Scouts, Legionnaires, V. F. W. and Auxiliary members from the Kable plant at 9:30. The parade will proceed to the band stand at Kable Square in the following order: Colors, color guard, firing squad, band, gold star mothers and Civil War widows, Spanish-American War veterans, American Legion and Veterans of Foreign Wars members, Sons of the Legion, American Legion and F. W. Auxiliaries, Boy Scouts, Cub Scouts, Girl Scouts, school patrol. The program follows:

America—assembly. Invocation — Rev. C. H. Hightower.

Music—Kable Brothers 129th infantry band.
